Standard Open Competition Rules

- **Standard Open Event Scoring**

- This includes all events aside from the Nandu and international youth competition divisions
- Will follow standard competition deductions based on IWUF rules
- Scoring based on the following scale

6.0-6.95 Beginner level skill

7.0-7.95 Intermediate level skill

8.0-9.95 Advanced level skill

- This score is based on the judge's assessment of the competitor's skill, performance, quality of movement, and the presence of deductions.
- A competitor's score does not have to fit into these categories. For example, if one is competing in the intermediate category but the *skill presented* is beginner level or they received numerous *deductions*, they may receive a score less than 7.0. In the same way, if the athlete in intermediate performs at an advance skill level (without violating the restrictions placed on intermediate category participation) they may receive a score higher than 7.95.

-

Restrictions

- Beginner
 - Primarily linear forms with no more than 3 circular arc steps in a row
 - Maximum of two jumping techniques allowed from the following: jumping front kick, jumping inside crescent kick, jumping outside crescent kick, and cartwheel
 - For jumps, you cannot land on the jumping leg
- Intermediate
 - No B- or C- grade difficulty movements (see IWUF Bylaws)
 - No butterfly twists, aerial twists, or any jumping technique with a 540 or greater degree of rotation

- **A competitor must maintain a consistent skill throughout the competition.**
 - Ex. A competitor may not compete at an advance level for one event but beginner level for another event.

Appeals

- If a participating member disagrees with the judges' decisions an appeal may be submitted in written form to the Jury of Appeal within 30 minutes after the conclusion of the event, with an appeal fee equal to the cost of your base registration fee (not counting the cost for additional events).
- The appeal must be related to a specific deduction that the judges made, not simply a low score due to low skill/poor performance(as determined by the judges).
- The Competition Appeals form will be found at the registration desk.
- The Jury of Appeal shall examine the case through official competition video for a mistake made by the judges. If the Jury determines that a mistake has occurred through a majority vote the competitor's score may be corrected and the deducted points added back.
- If the judges are determined to have ruled incorrectly than the fee will be returned and the score changed officially.
